-  Possible Oil
-  False-Positives (not oil)
-  Suspected Point Source:
[52°28'10"N N / 129°57'10"W]

REMARKS:

Possible oil is seen emanating from a ship that is heading towards the southeast off the coast of British Columbia near Queen Charlotte Sound. The slick extends about 30 miles to the northeast of the ship and does widen slightly as the distance with the ship increases
